Career Objective

Aspiring Software Engineer with strong foundations in Java, SQL, problem-solving, and application development. Passionate about building scalable business applications, understanding SaaS products, automating workflows, and delivering technology solutions across enterprise domains.

Technical Skills

- **Programming & Problem Solving:** Core Java, JavaScript, Data Structures & Algorithms, Object-Oriented Programming
- **Database & SQL:** SQL, MySQL, PL/SQL, Oracle SQL, Joins, Subqueries, Database Design, ACID Transactions
- **Backend & APIs:** Spring Boot, RESTful APIs, Hibernate (JPA), JDBC, Servlets, JSP, MVC Architecture
- **Tools & Technologies:** Git, GitHub, Maven, Apache Tomcat, Docker (Basic)
- **CS Fundamentals:** Operating Systems, DBMS, Computer Networks, SDLC
- **Business & Product Skills:** -Requirement Analysis, User Stories, Business Process Mapping, Workflow Automation, Functional Testing, Documentation, Agile Methodology
- **Enterprise & SaaS Concepts:** - SaaS Architecture (Basic), No-Code/Low-Code Platforms (Basic Understanding), Business Process Automation, REST API Integration
- **Business & Product Skills:** Requirement Analysis, User Stories, Business Process Mapping, Workflow Automation, Functional & API Testing, Technical Documentation, Agile Methodology.
- **Soft Skills:** -Business Communication, Analytical Thinking, Ownership Mindset, Team Collaboration, Problem Solving, Time Management

Projects

Library Management System (Full Stack) | Java, Spring Boot, MySQL, JavaScript | [Link](#) Jan 2026 – Apr 2026

- Developed and tested REST APIs and CRUD modules for managing books, users, and transactions.
- Used SQL queries and Postman to test APIs, troubleshoot application issues, and validate database operations.

Student Internship & Project Allocation System | Java, Servlets, JSP, JDBC | [Link](#) Jan 2026 – Mar 2026

- Built an MVC-based web application to manage internship and project allocation workflows.
- Implemented session management and JDBC-SQL integration and debugged database connectivity and data-handling issues.

Employee Management System (Web Application) | Java, Servlets, JSP, JDBC | [Link](#) Jan 2025 – Jul 2025

- Developed an MVC-based employee portal with authentication and role-based access functionality.
- Implemented and tested JDBC-based CRUD operations and SQL queries for employee data management.

Experience

Internship- Def-Space Winter Internship (Dec 2025 to Jan 2026) *Bharat Space Education Research Centre*

- Explored advanced drone systems, aircraft design, robotics, rocketry, and space entrepreneurship concepts.

Internship – AI for Future Workforce Program (Jun 2025 to Jul 2025) *Intel*

- Learned AI and ML fundamentals, model training workflows, and real-world data handling techniques.

Education

Chandigarh University, Mohali, Punjab 2023-2027

Bachelor of Engineering in Computer Science & Engineering - **CGPA: 8.48**

Anugrah Memorial College, Gaya, Bihar 2020-2022

Intermediate- **Percentage: 83.40%**

Al-Momin International School, Gaya, Bihar 2019-2020

Matriculation- **Percentage: 76.80%**

Achievements

- Served as Class Representative for 100+ students at Chandigarh University (Jan 2024 – May 2025), coordinating with faculty and students, communicating concerns, and facilitating timely resolution of academic and administrative issues.
- Selected as a Project Expo Finalist in 2nd year of B.E. for an innovative project at the institute level.

- Solved 220+ problems on [LeetCode](#) and 90+ questions on [GeeksforGeeks](#).
-

Certifications & Courses

Coursera: Introduction to Hibernate, Advance Hibernate Techniques, Spring Boot, Salesforce Foundations and Developer Fundamentals

Infosys: Full Stack Developer, AWS Certified Solutions, Data Structures and Algorithms using Java, Database and SQL
